

**SLSA guidelines stipulate "All newly manufactured/approved Surf Boards shall have highly visible coloured tips from the tip of the nose and back from the end of the tail to a length of 100mm. This can be part of the logo or design."**

BLUE REFLEX	RED 6282	ORANGE / TANGERINE	GREEN CAS332	YELLOW	MAGENTA	PINK 232	BLACK
-------------	----------	--------------------	--------------	--------	---------	----------	-------

**You MUST choose from the colours above for at least 100mm on the tip and tail of your board.**

**\*NO EXCEPTIONS\***

You can work the tip and tail colour into your board design if you choose.

The colours below can be used in all other areas of your board design.
