

**WHY OUR  
BOARDS ARE  
BETTER**

OUR SUPERIOR PVC FOAM SANDWICH CONSTRUCTION PRODUCES A STRONGER, STIFFER , LIGHTER ,MORE DURABLE, HIGH PERFORMANCE BOARD.

A HIGHLY COMPRESSED LAYER OF PVC FOAM AROUND THE INNER FOAM CORE PROTECTS IMPACTS FROM BREAKING THROUGH THE INNER CORE

WE STAND BY THIS CONSTRUCTION AS THE BEST ON THE MARKET WHICH IS WHY WE HAVE MADE OUR BOARDS USING THIS PROCESS FOR OVER 17 YEARS.
